

As one of the largest and most successful privately held manufacturers' representatives of Plumbing, Piping, HVAC and Refrigeration products, we believe we have a pretty good thing going on at Sunbelt Marketing. With 6 different locations across the United States, 45 years in business, and more than 30,000 products, Sunbelt Marketing continues to rapidly grow and thrive within the marketplace.

We are currently seeking a highly motivated **Logistics Analyst** who will report to the Logistics Manager and work cross functionally within our organization. This person will use analytical methods and a variety of tools to support our logistics' operations and processes. The role will be responsible for data management, analyzing carrier performance, identifying problems, and developing recommendations for resolution. A successful candidate will be a self-starter, detail oriented, a team player and able to support multiple projects and business functions while displaying excellent communication skills.

Responsibilities:

- Create reports and analyze historical KPI data of transportation suppliers in order to provide input for business decisions
- Support vendor/business partner relationships
- Aid the development of business tools & solutions for Logistics process improvements
- Develop and maintain cost estimates, forecasts, reports and cost models
- Perform data management through various methods of data mining, data modeling, and root cause Pareto problem analysis; while executing day-to-day processes related to area of responsibility
- Create, maintain, and administer standard work and training for logistics related operations

Basic Qualifications:

- Bachelor's degree in business management related field or equivalent work experience
- 3+ strong years of experience in logistics/transportation related fields
- Strong organizational skills
- Excellent written and verbal communication skills
- Analytical skills and experience (i.e. Tableau, Microsoft Power BI, Access, SQL)
- Strong proficiency in Microsoft office tools such as Word, PowerPoint, and Excel
- Ability to understand Operational processes
- Ability to work cross functionally with different teams and all levels of an organization
- Proven problem solving skills

Available Benefits:

- Competitive Wage, Depending on Experience Level
- Medical, Dental, Vision, and Life Insurance
- Short and Long-Term Disability Insurance
- Telemedicine Benefit
- ESOP / 401K
- Paid Vacation / Holidays
